The 30th Academic Council Meeting of Sri Balaji Vidyapeeth was held virtually on ZOOM platform on **28st September 2020** between 2.00 pm and 4.30 pm under the Chairmanship of Prof. Subhash Chandra Parija, Hon'ble Vice-Chancellor of SBV.

The Vice Chancellor accorded a hearty welcome to the esteemed members of the Academic Council and thanked Prof. S.P. Thyagarajan, Professor of Eminence & Dean – Research from Sri Ramachandra Institute of Higher Education & Research, Chennai for his participation. The Vice Chancellor explained in brief about the significance of SBV Academic Council which determines the academic activities occurring at the constituent colleges and centres. Furthermore he added the Academic Council would be entrusted with specific tasks that would be assigned based on institute need and guidance of the various committees in place.

Before asking the Registrar to present item wise agenda of the 30th meeting of the Academic Council, the Vice Chancellor requested the Professor of Eminence, Prof. S.P. Thyagarajan to offer his opening remarks.

Prof. S.P. Thyagarajan expressed his satisfaction at the manner in which the Prof. S.C. Parija, Vice Chancellor, SBV has been conducting the endeavours of the Academic Council of SBV and also complimented the Registry for the meticulous preparations leading to the effective conduct of the meetings of the Academic Council and remarked that the Vice Chancellor plays a pivotal role in the objectivisation of academic deliberations. Adding furthermore, Prof. Thyagarajan made a noteworthy mention of the introduction of several innovative, skill based and value added programmes at SBV. In this connection he drew the attention of the Council to the National Education Policy (NEP) 2020 which lays due emphasis on the implementation of novel, vocational and problem based courses and academic programmes. However caution has to be exercised while objectively addressing related key points including situation / need-analysis, demand for the programme besides employability of the candidate. In this connection, comprehensive data has to be compiled which should promote the dissemination of these programmes among the students both nationally and internationally with the thrust being duly laid on skill based programmes. Furthermore job oriented programmes on the lines of those that are enumerated by the Health Sector Skill Council need to be offered at SBV with specific considerations for the socially and economically deprived student community. Also, such programmes warrant specialized infrastructure and laboratory. It is highly recommended to revisit the recommendations to be provided by the General Body of Health Sector Skill Council in October 2020. Another facet is ample provision for inculcating communication skills which is a need of the hour, especially at time when globalization of education and educational perspectives are in force.

The Vice-Chancellor, Prof. S.C. Parija asked the Registrar, Prof. A.R. Srinivasan to present the item wise agenda for deliberations.

Registrar, Prof. A.R. Srinivasan before proceeding with the agenda pertaining to the 30th Academic Council meeting, tabled the minutes of the 29th meet of the Academic Council, which was already circulated to all members. The council unanimously resolved to approve of the minutes circulated.

Further the Action Report pertaining to 29th Academic Council meeting held on 21st November 2019 was tabled. The Action Report was unanimously approved by the council.

Agenda No	Agenda	Discussion	Decision
Agenda for approval 1	To approve of the recommendation of the Board of Studies pertaining to Phase I, Phase II and Phase III Part I curriculum and teaching plan for Competency based Medical Education in M.B.B.S offered under Faculty of Medicine from 2020 onward.	The Academic Council suggested the Dean - MGMCRI to introduce Valid Elective system and MGMCRI has to consolidate the few areas that it had identified including evidence based research, medical communication and community / extension programmes. Further it advised that Like Early Clinical Exposure, these electives if drafted properly would go a long way in infusing societal consciousness.	Resolved to approve and the curricula will be effected from the batch joining from 2020 - 21 onwards.
2	To approve of the recommendations of the Board of Studies for syllabi revision pertaining to the Postgraduate programmes (MD/MS) offered under faculty of Medicine, based on Competency based Medical Education from 2020 onwards.	The council appreciated the efforts of SBV which has taken the lead among the Health Science institutions in promulgating Competency Based Medical Education with due emphasis laid on Entrustable Professional Activities (EPAs)	Resolved to approve and the curricula will be effected from the batch joining from 2020 - 21 onwards
3	To approve the review of the Undergraduate (B.D.S.) curricula as recommended by the Board of Studies from the academic year 2020 onwards		Resolved to approve

4	To approve the review of the Postgraduate (M.D.S.) curricula as recommended by the Board of Studies from the academic year 2020 onwards		Resolved to approve and the curricula will be effected from the batch joining from 2020 - 21 onwards
5	To approve of the recommendations of the Board of Studies pertaining to Starting of Certificate programme in Laser Dentistry and Basic Implantology Dental Assistant which comes under Health care Sector Skill Council, Govt. Of India	The Academic Council noted that the proposal to start certificate courses was provided at the 29 th Academic Council.	Resolved to approve the starting the mentioned certificate programmes at IGIDS from the academic year 2020-21 onwards and the certificates will be issued by IGIDS.
6	To approve of the recommendation of the Board of Studies pertaining to the start of Master Level Residency programme in Critical Care for Nurse Practioners from the academic year 2020-2021 at Kasturba Gandhi Nursing College, SBV Main Campus.	The council noted that the inspection by the Tamil Nadu Nurses and Midwives Council is over and the reports are awaited. Further the inspection by the Indian Nursing Council has to be conducted.	It is provisionally approved to start the programme at KGNC following the approval to be accorded by TNNMC and INC from the academic year 2020-21. Further the council approved of the curriculum tabled at the council.
7	To approve of the recommendations of the Board of Studies with respect to the revisit of the Syllabi pertaining to modality of University examinations including the removal of the Clause of Conditional Pass and inclusion of electives in the Undergraduate programmes (17 Nos.) and two postgraduate programmes		Resolved to approve the recommendations of the BoS and this will be implemented from University examinations to be conducted during December 2020.

A. Hestee

	offered under Faculty of Allied Health Sciences		
8	<p>To approve of the recommendations of Board of Studies regarding curricular revision of Postgraduate Diploma in Yoga Therapy and removal of Conditional pass in the University Examinations.</p> <p>Aligning with National Education Policy 2020, it is proposed to consider the resumption of the certificate courses in Yoga Therapy and Health Professions Education based on specific modules leading to the award of certificate and also award of Postgraduate Diploma based on summative examinations. 12	<p>To recommend on the discontinuation of M.Phil programmes offered at SBV in compliance with the National Education Policy (NEP) 2020.</p>		<p>The Academic Council resolved to approve the discontinuation of the M.Phil programme at SBV from the academic year 2020-2021 onwards and hence no new admissions to be made from 2020-21 onwards. However those pursuing the M.Phil., course will be allowed to complete their programme within their stipulated course period and</p>

			an extension of Two more years will be provided for the candidates who do not complete during their course period.
13	To approve the following as placed by the Controller of Examinations, 1. SBV Policy on providing access to answer scripts for Undergraduate students of SBV. 2. Second Revision of SBV Examination manual.	In view of the fact that the digital valuation has been enabled at SBV, an exclusive chapter on Examination Automation be included in the Main Manual itself, instead of incorporating the same under examination reforms.	Resolved to approve and the same will come into effect from the batches joining from 2020-21 onwards.
14	To approve in principle of starting of the following Fellowship programmes (Non MCI) of one year duration and Executive Development programme at SBV main campus and SBV off campus from the academic year 2020 onwards A. Post MBBS • Fellowship in Scientific Writing and Publication. • Fellowship in Research Methodology and Biostatistics. B. Post MD/MS • Fellowship in Pandemic Management.	The Academic Council welcomed the progressive idea of SBV in launching value added, innovative fellowship programmes. Despite that, SBV needs to dwell into the important features of Operationalizing the programmes with due emphasis on the "Training of Trainers", need based considerations and most importantly employability and job opportunities.	Resolved to approve the starting of the Fellowship programmes in principle. The Academic Council recommends to the Coordinator duly constitute the Board of Studies and obtaining their recommendations on curricula. Regarding the Executive Development programme for Medical Sales representatives, the same has been approved and the programme shall

	<ul style="list-style-type: none"> • Fellowship in Disaster Management. • Fellowship in Medical Education • Fellowship in Medical Simulation • Fellowship in Salutogenesis <p>C. General comments, observations, suggestions and Academic initiatives:-

- M.Phil., programme has been withdrawn because PhD is the entry level qualification for even the faculty working in Arts and Science Colleges.
- While integrated M.Sc programme in Biological Sciences is a welcome addition, programmes such as PhD (Direct) following completion of UG degree can also be explored.
- Greater number of PhDs should be inducted to fortify the activities of Evidence based Research in the clinical and applied sciences.
- Hybrid mode of imparting Education can be implemented in such of those areas where innovative, skill enhancement and capacity building are visualized.
- While developing strategies for programmes designed uniquely at SBV care must be taken to convert such programmes into Quality based academic endeavours that would attract the National and International student community alike.
- Use of the term, 'SBV Credits' is to be discontinued as SBV is just following the UGC mandated protocol which states 16 hours of direct contact teaching / 32 hours of practical / 32 hours of self-directed learning (Heutagogy) corresponds to 1 credit (as per UGC). Care must be taken to space the credits evenly for a period of one year in Diploma and Fellowship programmes. This would also enable SBV to conduct such academic programmes leading to the Academic Bank wherein the credits would be recognized globally.

Closing remarks by Honorable Vice Chancellor:

The Hon'ble Vice Chancellor of SBV, Prof. S.C. Parija, thanked the members of the Academic Council in general and especially the External member, Prof. S.P. Thyagarajan for his valuable inputs that would guide SBV in launching several unique programmes in academics and research, besides those programmes that come under the immediate purview of the statutory councils and regulatory bodies. It is noteworthy to mention that the deliberations at this meeting would go a long way in realizing the optimal potentials of SBV and more so in the light of the National Educational Policy 2020 and also the revised UGC Regulations 2020 on Online classes and Distance Education.
