No. SBV/MGMCRI/Committee/2017/07

15.02.2017

HOSPITAL EXECUTIVE COMMITTEE

Name of committee	Hospital Executive Committee
Purpose of committee	Governance of Patient Care
Functions of the committee	<ol style="list-style-type: none">1. To represent and act on behalf of the Medical Staff in all matters,2. To coordinate the activities and general policies of the hospital.3. To receive and to act upon reports of the hospital standing committees, and other assigned groups as specified in the bylaws of the hospital, and make recommendations to the administration4. To implement policies of the hospital in collaboration with administration.5. To enforce hospital and staff rules in the best interest of patient care and of the hospital, with regard to all persons who hold appointment to the Medical Staff of the Hospital.6. To review the bylaws, policies, rules and regulations, and associated documents of the Medical Staff as needed and recommend such changes as may be necessary or desirable;7. To review and approve the credentials of all applicants for Medical Staff appointment, reappointment, and clinical privileges and to approve criteria for clinical privileges.8. To monitor and evaluate medical care on a retrospective, concurrent and prospective basis in all major clinical activities including the routine collection of information about important aspects of patient care provided and about the clinical performance of health care providers and the periodic assessment of this information to identify opportunities to improve care and to identify important problems in patient care.9. To recommend, objective criteria that reflect current knowledge and clinical experience. These criteria shall be used by the Medical Staff or by the hospital's performance improvement program in the measurement and improvement of patient care. When

important problems in patient care and clinical performance or opportunities to improve care are identified, the Medical Staff shall document the actions taken and evaluate the effectiveness of such actions

10. To continuously assess and improve the quality of care, treatment and services and the maintenance of quality control programs as appropriate

11. To report and recommend to hospital management when necessary with respect to matters affecting patient care, including personnel, supplies, space and other resources, special regulations, standing orders and techniques

Through other standing committees or officers the HEC shall achieve the following

a) Measure, assess and improve the care provided in and develop clinical policy for special care areas, patient care support services

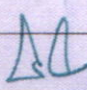

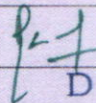

b) Conduct or coordinate the measurement, assessment and improvement activities, including, but not limited to, medical assessment and treatment, use of medications, use of blood and blood components, performance of operative and other procedures, patient safety, and sentinel events, patient satisfaction, education of patients and family, appropriateness of clinical practice patterns, and significant departures from established patterns of clinical practice.

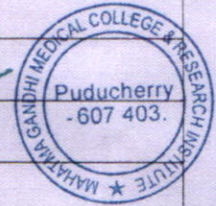

c) Conduct or coordinate medical record review activities including accurate, timely and legible completion of patient's medical records

d) Conduct or coordinate review and utilization of services, drugs etc

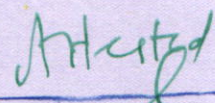

e) Monitor the Hospital's infection control program and investigate and address healthcare associated infections

f) Coordinate the care provided by members of the Medical Staff with the care provided by the nursing service and with the activities of other Hospital patient care and administrative services.
