Detailed report of the program

Certificate Course in Palliative Care for Health Professionals is being organized for the first time in our Institute on behalf of the Sri Balaji University. And there was overwhelming response for this course. Already MGMC RI is the only institute to conduct this program in Pondicherry and Tamilnadu State. There was good patronage from Staff nurses and doctors and medical students , nursing students and allied health students. This program aims to inculcate the principles of palliative care to improve patient care through proper communication and effective management of difficult symptoms. This program helps doctors and nurses in their day to day professional life. The Highlight of the program was the nurturing of talent pool from the same in house faculty and a few external faculty from JIPMER and we also had a visiting NHS, UK faculty also .,

There were about 30 professionals and students of our university who had attended who were part of it along with staff nurses and few anaesthetists from outside

The faculty had about 30 minutes of explaining the topic and 15 mins of discussion

Individual feedback was taken for each faculty and the same was shared with them

This program covered all topics inclusive of –

- Introdution of palliative care
- Communication skills in palliative care and breaking bad news
- Ethics
- Lymphoedema
- Radiotherapy & chemotherapy in palliative care
- Wound care
- Care of the palliatve patient
- GI symptoms – diarrhoea / vomiting / nausea
- Stoma care
- Nursing issues
- Pain management
- Breathlessness and medical issues in palliative care
- Emergencies in palliative care
- Anxiety , depression & delirium
- Paediatric palliatve care

EVENT REPORT FORM

1. the feedback said all the speeches were good and effective in the level of presentation and delivery, content of presentation and it created interest in the topic and there were good interaction with audience and overall knowledge transfer.

Most of the delegates opined that

- a. the objectives of the CME was met
- b. the length of the cme was appropriate
- c. the certificate course description matched the content
- d. the facilities were conducive for learning
- e. the program started and ended on time
- f. there was increase in knowledge
- g. it met their expectations
- h. and the overall quality of the program was good

They felt that the arrangement , ambience, food and snacks and interaction with the audience were good. It is always better to have national speakers for the program and better to have Skype session also
