Ph.No.: 9229113522

Dear Sir,

Sub: Purchase Order for OMR Sheet Reader Software. (Dean Office)
Ref: Your Quotation Date: 13/05/2017

With-reference to the above, we are placing the purchase order for OMR Sheet Reader Software with the Terms and conditions:

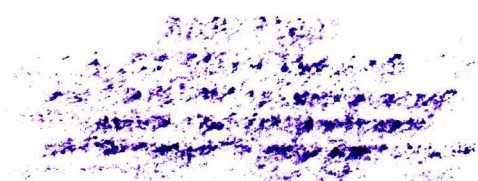

Sl.No.	Description	Qty	Amount
1.PA	Base module for HO Professional OMR Reader with SQL Backend In case you have special requirements to fast process high volumes, then use this Professional version OMR. It Reads black marks and collects data from OMR sheets into SQL backend instead of Access for High speed - High Volume parallel processing of multiple folders with multiple instances running simultaneously on the same computer and provides output in Excel, CSV, XML, Access (Same in functionality as Standard Module B). Serves as base module for server connectivity. Includes: Basic Sheet Designer (for new designs), Barcode Reader; Image Capture	01	40,000.00

14/6/17

2.SAB	<p>Base module for Branches Standard Combo SA+SB @ 15000/-</p> <p>OMR Answer Sheet Checker (for MCQ test checking for Admission, Recruitment and Internal Assessment) Useful where primary objective is test checking, it reads responses from Answer Sheets and applies marking scheme etc. to provide various merit lists and basic graphs, charts, analysis etc. It reads only blocks which are relevant to test process like Roll no, Set No. and Question blocks. It does not read photo, signature, name, phone, dob etc...because they are irrelevant to optimal test process.</p> <p>OMR Form Reader Useful where primary objective is data collection, it reads responses from OMR Forms, Simply provides data in Excel as it is without applying any post reading logic, because each data collection form is different and there is no general processing pattern or procedure like tests. It can read Photo, Signature, barcode, and various types of OMR blocks like name, DoB, Phone and many other as you create. (Add this module if you also want to collect data on test answer sheet).</p> <p>Includes: Basic Sheet Designer (for new designs), Test Results, Analysis & Graphs, BarcodeReader, Image Capture</p>	02	30,000.00
3.+PF	<p>Addon module for 2 Branches @ 5000/- SQL Server-Client connectivity and Data Sharing (Forms and Tests created at server are uniformly used by all branches. Terminal can read the sheets and upload data to server. Login based access. Two options for the client terminal to work independently or bound to the server.) You will need to have SQL server with Static IP at your HO. Each of 2 Branch location will have a SQL connectivity Addon.</p>	02	10,000.00
4.+PD	<p>Addon Module for HO Advanced Sheet Designer (added functionality for calibration of existing/pre-printed sheet & new design using Word template)</p>	01	5,000.00

5.PQ	<p>Question Paper Generator Professional version (for test paper making from question bank, with option shuffling facility) @25,000 for 1 license. 20,000 per license incase of more than 1 license.</p> <p>Useful for those who are in process of frequent assessment. It is excellent for handling large Question Banks for creation of quick & easy Question papers for: MCQ Examination, Recruitment, Inter-departmental Training & Assessment. This module has nothing to do with OMR Optical Mark Reading but clubbed in the same interface for conveniently making formatted MCQ or subjective question papers and for shuffling to make multiple sets of question paper.</p>	01	25,000.00
6.	Sheet designs will be additionally chargeable @ 1000/- per side per layout (1 design complementary).		As per the order.
			1,10,000.00
			Vat @ 5% 5500.00
			Service Tax @ 15% 16,500.00
(One Lakhs Thirty Two Thousand only)		Total	Rs. 1,32,000.00

Terms & Conditions:

End User License Agreement:

- This is a fully packaged product (FPP), sold off-the-shelf, in the form of a USB Device and Driver on CD Media.
- The product is a proprietary and Registered Trademark entity of the manufacturer. The rights to reproduce are reserved with the owner of the trademark.
- The buyer / end-user is free to use his copy of Device and Driver Media for his own use or to transfer the copy to other user for further use or for the purpose of sale for profit.
- The buyer / end-user can use his purchased copy till the time he retains and keeps his Device & Driver Media safe. There is no time limit to the use of the software package.
- The Device & Driver pair together can be used by the end user on more than one computers.
- The ownership of the buyer/ end-user is limited to the purchased copy of Device & Driver.
- One user license is registered on one computer. If required otherwise or if the earlier computer is dysfunctional, the license can be conveniently moved to another computer on request. This change of computer can be done upto a maximum of 5 times for any license. In case of loss of a Registered License Dongle, a new USB Dongle may be purchased at the price of Dangle plus Shipment charges.
- However, if the end user wants to use the same license on multiple computers or want to change computers frequently, then Software can be installed on multiple computers, and the unregistered USB key (dangle) should be used. This will allow the user to run the software at any computer wherever the USB key is inserted. But, in case of loss of such an Un-Registered License Dongle, a new USB License Dongle may be purchased at the full license price.
