Circular

PG Orientation Program Part III - 2020 - 2023 Batch

Research Methodology for PG 2020-2023 Batch

is planned by **Institute Research Council, SSSMCRI** on **29th & 30th September 2020**. This workshop is planned exclusively to benefit the First year Post Graduate students to prepare and submit the synopsis of their dissertation to the University.

In this regard all the I Year Post graduate students are expected to finalize the topic of their dissertation with their respective Guides and to participate with the draft of their Synopsis. Inputs from various resource persons during the course will provide adequate guidance to all the PGs.

DATE: 29th & 30th September 2020

TIME: 8.45A.M to 4.00P.M

VENUE: II Floor Examination Hall, College block

The PGs have to submit a soft copy of the draft synopsis to the irc@sssmcri.ac.in before 25th September 2020.

HoDs of PG Discipline Departments are informed to relieve the I Year Postgraduate for the aforesaid program for two days.

To:

- Postgraduates of 2020-23 Batch through HoDs (Mail)

Copy submitted to:

- Chairman (Mail)
- Chairperson (Mail)
- Registrar (Mail)

Copy to:

EVENT REPORT FORM

Detailed report of the program

The Institute Research Council of Shri Sathya Sai Medical College and Research Institute has organized and successfully conducted two day's workshop of research methodology for all the first year post graduates on 29th and 30th September,2020. The program was designed in such a way that the first year post graduate students will be enlightened about all the aspects of research which will help them in preparing proposal for their dissertations.

The program was inaugurated by the Dean, SSSMCRI followed by Ice breaking session. The PG's were briefed about the overview of the workshop and various sessions on research methodology by the IRC members and renowned resource persons. The topic covered on day one was selection of research topic, how to do a literature search, how to write references, framing research question ethics in medical education and study designs-observational study.

Day two started with rapporteur session by one of the Post Graduate who shared his reflection on the first day's activities followed by which the PG's were enlightened about experimental study, data collection, statistical issues, preparation of synopsis, introduction to online research methodology course, plagiarism and CTRI registration. Day two ended with rapporteur session by a PG on the second day activity. The participants doubt and queries were clarified then and there. Certificates for the resource persons and the participants were distributed at the valedictory function by the Dean of the institution. Feedback of the program from the participants was obtained at the end of the program through google forms.

Summary of the report

(in minimum 150 words, in a prose format for web information, social media and press)

The Institute Research Council of Shri Sathya Sai Medical College and Research Institute has organized and successfully conducted two day's workshop of research methodology for all the first year post graduates on 29th and 30th September,2020. The workshop comprised of training in Research Methodology. This workshop covered almost all the aspects of research starting from selection of a research topic, framing of research question, literature search, types of study designs and how to choose appropriate study design for their study, data collection, statistical issues, reference management and ethical issues related to a study. The entire two days' workshop was an interactive session where the PG's doubts and queries were clarified then and there. Certificates for the resource persons and the participants were distributed at the valedictory function by the Dean of the institution. Feedback of the program from the participants was obtained at the end of the program through google forms.
