Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>Sri Balaji Vidyapeeth has taken several measures to complete the syllabus of various courses using evidence-based eLearning principles, practices, and platforms.</p> <ul style="list-style-type: none"> •Blended learning: Sri Balaji Vidyapeeth has implemented a blended learning approach, which combines traditional in-person instruction with online learning. This approach allows for flexibility and adaptability, as students can access course materials and resources online, and attend live online classes and virtual office hours. •Online assignments and quizzes: To maintain the continuity of learning and assessments, Sri Balaji Vidyapeeth has shifted to online assignments and quizzes. Online assessments are managed through "Canvas and Moodle LMS (Learning Management System)" platforms, where students can submit assignments and take quizzes, and teachers can provide feedback and grades. •Interactive online lectures: To keep the students engaged, Sri Balaji Vidyapeeth has been using interactive online lectures, which are delivered through a virtual classroom platform, including "Google classrooms". These lectures are designed to be interactive, where students can ask questions and participate in discussions, and access resources such as "Elsevier Clinical Key, ebooks," and PDFs. "Lecture Capture System" is installed in classrooms to record live classes and is made available for the students through the LMS. "Zoom classes" are also recorded and made available for further learning. •Video-based learning: To provide students with additional support, Sri Balaji Vidyapeeth has been using "video-based learning". These highly interactive videos are created by teachers and cover various topics in the curriculum and are available to students as a supplement to their live or recorded classes. •Collaborative learning: To foster a sense of community and collaboration among students, Sri Balaji Vidyapeeth has been using various collaboration tools, such as "discussion boards, chat applications, and virtual study groups". These tools have been helpful in facilitating group work and discussions, which are an integral part of the curriculum. •Adaptive learning: Sri Balaji Vidyapeeth has also been using adaptive learning technology, which adjusts the difficulty of the material based on the student's performance. This can help to personalize the learning experience and make it more effective. •Accessibility: Sri Balaji Vidyapeeth has taken steps to ensure that all students have access to eLearning materials and resources. "Dedicated IT support and around 1 GBPS band width" is available for online education. <p>In conclusion, Sri Balaji Vidyapeeth has implemented a comprehensive approach to eLearning that utilizes a variety of evidence-based principles, practices, and platforms. By utilizing blended learning, interactive online lectures, video-based learning, adaptive learning, and collaboration tools and making sure that the materials and resources are accessible to all students, Sri Balaji Vidyapeeth has been able to continue instruction, maintain the continuity of learning, and ensure that students are able to meet their educational goals despite the challenges posed by the pandemic.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
